

Eric Saunders
Eric.Saunders@nsci-va.org
Ph. (757) 225-7612

Mr. Eric Saunders serves as a Lessons Learned Analyst, Headquarters Air Combat Command, Langley Air Force Base, Virginia. He has 24 years of military experience of which 21 are in various key United States Air Force Communications and Electronics positions. His career includes operational tours in Southwest Asia during operation Desert Shield and Desert Storm where he managed and maintained Airborne Warning and Control computer systems, North American Aerospace Defense systems, and Military Cryptologic Center systems for numerous commands. Additionally, he has held various Logistics Management and Quality Assurance staff positions. Most recently, he was the Maintenance Management Superintendent, 480th Intelligence, Surveillance and Reconnaissance (ISR) Wing at Langley Air Force Base, VA. He served as the principal advisor to the 480th ISR Wing Commander and Vice Commander on communications electronics maintenance policy, standardization, and oversight in support of the Air Force's \$5 billion Distributed Common Ground System.

EDUCATION:

2011 Master of Science, Management Information Systems, Bellevue University
2009 Bachelor of Science, Business Information Systems, Bellevue University
2007 Associate in Applied Science, Electronic Systems Technology

CAREER CHRONOLOGY:

1. Oct 2009- Present, Lessons Learned Analyst, Joint Lessons Learned Information System Administrator, Headquarters Air Combat Command (ACC/A9L)
2. Jan 2009- Oct 2009, Superintendent, Maintenance Management, 480th Intelligence, Surveillance and Reconnaissance Wing, Air Force ISR Agency, Langley AFB, Virginia
3. Jun 2008 – Jan 2009, Superintendent C4 Systems Integration, 27th Intelligence Squadron, Air Force ISR Agency, Langley AFB, Virginia
4. Jun 2007- Jun 2008, Superintendent, Maintenance Operations Center, 27th Intelligence Squadron, Air Force ISR Agency, Langley AFB, Virginia
